### North American Headquarters, Northville Township

- The July 2014 opening of the North American headquarters of Aisin World Corp. of America and Aisin Technical Center of America brings the two companies into one building and provides space for the companies to grow in future years.
- The company's new 200,000 sq. ft. building is home to over 300 employees who support sales, marketing, administration, logistics and warehousing, including a state-of-the-art technical center. The companies intend to create 51 additional jobs within the first 12-18 months of the new building being opened.
- The companies have invested \$13 million into the new building, including improvements to the building itself, as well as in the form of high-tech equipment (new dynamometer) for research and development.
- By following the corporate principle of "Quality First," Aisin strives to contribute to the creation of a sustainable society and environment.

### Other

- Aisin has been an automotive parts manufacturer in the United States since 1987 when it opened Aisin USA Mfg. in Seymour, Ind.
